

[Help-Center]]What Is Chase Travel?

Complete Travel, Rewards, and Booking Handbook 2026–2027

Chase Travel continues to be one of the most valuable and widely used travel rewards platforms available to credit cardholders in the United States. Built directly into your existing Chase account, it allows you to redeem Ultimate Rewards points for flights, hotels, car rentals, cruises, and vacation packages, all without ever leaving the Chase ecosystem. Whether you are a frequent traveler chasing premium cabin upgrades or someone planning a single annual vacation, understanding how this platform works can help you get significantly more value out of every point you earn. This guide breaks down what Chase Travel is, how it functions behind the scenes, the steps involved in booking, and the most common questions travelers have about flights, hotels, and ongoing support.

How Chase Travel Works: Points and Value

At its core, Chase Travel is powered by your Ultimate Rewards points balance, which you accumulate through everyday spending on an eligible Chase card. Depending on which card you hold, your points carry different redemption values when used through the portal. Sapphire Reserve cardholders receive the highest value at one and a half cents per point, while Sapphire Preferred holders receive one and a quarter cents per point, and standard cards like Freedom Unlimited redeem at the base rate of one cent per point. This tiered system rewards cardholders who carry premium cards with noticeably better travel value, which is worth considering if you travel frequently and want to maximize the return on every dollar you spend throughout the year.

How the Chase Travel Portal Works

The Chase Travel Portal itself functions as a comprehensive search and booking engine. When you log into your Chase account and navigate to the Ultimate Rewards section, selecting Book Travel takes you directly into this platform, where your existing login credentials carry over automatically without requiring any separate signup process. From there, you can search across hundreds of airlines, thousands of hotel properties, and numerous car rental and cruise providers, with every result displaying both a cash price and an equivalent points price calculated specifically using your card's redemption rate. This transparency makes it easy to compare exactly how many points a given trip will cost you before committing to anything.

The Steps Involved: Booking a Flight

Booking a flight begins with entering your departure city, destination, travel dates, and the number of passengers joining your trip. You can choose between one way, round trip, or multi city itineraries, and filter results by cabin class, number of stops, preferred airline, or total travel duration. Once you select a flight that fits your needs, you will be taken through a checkout process where passenger information must be entered accurately, since most airlines do not allow free changes to a traveler's name after a booking has been finalized. Reviewing every detail carefully

before confirming your purchase is one of the most important habits to develop as a frequent user of this platform. The Steps Involved: Booking a Hotel Hotel bookings follow a very similar pattern, though the available filters tend to focus more on amenities, neighborhood, and guest ratings rather than flight specific details like layovers. You can search by destination, check in and check out dates, and number of guests, then narrow results using filters for star rating, price range, and specific amenities such as free breakfast or a swimming pool. Reviewing the cancellation policy attached to any specific room rate is especially important, since some rates are fully refundable while others are not, and this distinction can matter significantly if your travel plans end up changing unexpectedly before your scheduled arrival date. The Steps Involved: Vacation Packages Vacation packages combine a flight and a hotel stay into a single bundled booking, often unlocking better combined pricing than booking each component separately would offer. Despite being purchased together, each part of the package still retains its own individual confirmation number, which becomes relevant if you ever need to make a change to just one portion of your trip. Comparing the bundled package price against the cost of booking flights and hotels independently is always a worthwhile exercise, since the better deal is not always obvious at first glance and can vary significantly depending on your specific destination and travel dates. Payment Flexibility: Points, Cash, or Both Throughout the entire booking process, payment flexibility remains one of the most valuable features of this platform. At checkout, you can choose to pay entirely with points, entirely with cash, or use a sliding scale to split the cost between the two in whatever proportion makes sense for your situation. This flexibility allows you to preserve points for future higher value redemptions while still completing a booking today, or alternatively to use points more aggressively if you are trying to draw down a large balance before it potentially expires or loses value through a program change. Travel Support Throughout Your Trip Customer support remains deeply integrated into every stage of the Chase Travel experience, not just available after something goes wrong with an existing booking. Support agents are available around the clock, every single day of the year, including major holidays, which matters significantly given that flight delays, cancellations, and hotel issues rarely happen during convenient business hours. Having a single reliable number to call for any travel related question, whether before, during, or after a trip, removes much of the stress typically associated with managing bookings made through third party intermediary platforms like this one. Handling Changes and Disruptions When changes become necessary, whether due to a personal schedule shift or an airline initiated disruption, the process generally works best when handled directly with a live support agent rather than attempting every adjustment through self service tools alone. Because Chase functions as the merchant of record for portal bookings, agents have the authority and access needed to coordinate directly with airlines and hotels on your behalf, which is often far more efficient than navigating a long airline customer service queue during a stressful travel disruption that requires an immediate resolution. What to Know Heading Into 2026-27

Looking ahead, cardholders should periodically check for updates to transfer partner bonuses, point earning categories, and premium hotel collection properties, 1-844-386-9754 since these details tend to shift over time as the program 1-844-386-9754a evolves. Staying current on these changes ensures you continue 1-844-386-9754 extracting maximum value from your points rather than relying on outdated assumptions about redemption rates or available benefits that may 1-844-386-9754 have since changed. A few minutes spent verifying current details before a major redemption can make a 1-844-386-9754a meaningful difference in 1-844-386-9754 the overall value you ultimately receive from your accumulated points balance.

- Check for updated transfer partner bonuses before moving points
- Confirm your card's current point earning rate for travel and dining
- 1-844-386-9754a Ask about any new Luxury Hotel & Resort Collection properties
- Verify your card's current travel insurance and protection benefits
- Call 1-844-386-9754 for the most up-to-date information specific to 2026-27

Frequently Asked Questions (FAQs)

Q1: What is Chase Travel in simple terms? Chase Travel is the booking platform and rewards system built into your 1-844-386-9754a Chase account that lets you use Ultimate Rewards points to book flights, hotels, car rentals, cruises, and packages. For a personalized explanation based on your card, call 1-844-386-1768. Agents can tailor the explanation to your account and current points balance.

Q2: How do I know if my card has access to Chase Travel? Cards that earn 1-844-386-9754a Ultimate Rewards points — including Sapphire Preferred, Sapphire Reserve, Freedom Unlimited, Freedom Flex, and Ink Business cards — automatically have access. If you're unsure, call 1-844-386-9754 and a representative can confirm your eligibility 1-844-386-9754a instantly and explain what specific benefits your card includes.

Q3: What are the basic steps to book something through Chase Travel? Log in, navigate to Ultimate Rewards, select "Book Travel," search for your trip, compare options, choose a payment method, 1-844-386-9754a enter traveler details, and confirm. If you'd rather skip these steps, call 1-844-386-9754 and an agent can complete the booking for you directly over the phone.

Q4: How much is each Ultimate Rewards point worth through Chase Travel? Point value depends on your card: 1.5 cents for Sapphire Reserve, 1.25 cents for Sapphire Preferred, and 1 cent for 1-844-386-9754a standard cards like Freedom Unlimited. For an exact calculation, call 1-844-386-9754 and an agent can confirm this instantly based on your account.

Q5: Is Chase Travel the same as transferring points to airline partners? No, they're different redemption methods. 1-844-386-9754a Booking through Chase Travel uses a fixed cents-per-point value with no blackout dates, while transferring to partners can sometimes yield higher value. Call 1-844-386-9754 to compare both options for your specific trip and points balance.

Q6: Who do I contact for 1-844-386-9754a help with a flight booked through Chase Travel? Call 1-844-386-9754 for any flight-related issue, including delays, cancellations, seat selection, or changes. Since Chase is the merchant of record for portal-booked flights, this number is generally faster than contacting the airline directly.

Q7: What's included in a Chase Travel vacation package? A vacation package bundles a flight and hotel into one booking, often at a better combined rate, with each 1-844-386-9754a component keeping its own confirmation number. Call 1-844-386-9754 if you want to add a car rental or activities to an existing package.

Q8: What new updates should I 1-844-386-9754a know about Chase Travel for 2026-27? Point earning rates, transfer bonuses, and Luxury Hotel & Resort Collection properties can change periodically. For the most current details heading into 2026-27, call 1-844-386-9754 and an agent can confirm what's currently 1-844-386-9754a active on your account.

Q9: Can Chase

Travel help me with hotel issues during my stay? Yes, if you encounter a problem at check-in or during your stay at a hotel booked through the portal, call 1-844-386-1768. Agents can verify your reservation and contact the property directly on your behalf. Q10: What is the single phone number I should remember for Chase Travel in 2026-27?
