**After more than 50 years** operating as “Williamsport Bureau of Transportation” under the direction of the City of Williamsport, local public transportation transitioned to River Valley Transit Authority on July 1, 2022. Most notably an authority is managed by an all-new elected board of directors, a shift away from a City administered operation.

As a result of recommendations at the State and Federal level, the City of Williamsport ultimately created a new stand-alone authority to manage the transit system operations. On May 17, 2022 the inaugural board meeting was held for the new authority making fiscal year 22-23 a monumental year in local transit history.

In addition to providing public transit, River Valley Transit continued a 10-plus year management relationship with the Endless Mountains Transportation Authority and also completed a 26th year of providing management assistance to the Williamsport Parking Authority.

Fiscal year 2023 ushered renewed vision and a new beginning for local public transportation. With strategic planning and sound analysis of RVTA’s current operation a priority, we will continue to provide safe, reliable and efficient transportation in the present and future for the communities throughout Lycoming County.

*“Getting you there”  
Todd W. Wright,  
Executive Director*

### RESET, RECOVER, REACH FORWARD.

- ✓ **RESET**

  - A new governing Board of Directors was created to oversee RVTA.
  - RVTA appointed a new Executive Director, May 2023.
- ✓ **RECOVER**

  - RVTA has updated its core mission and values to reflect the authority’s commitment to employees, stakeholders and transit users.
  - RVTA is creating initiatives to restore community and rider support through marketing, engagement and participation in community functions.
- ✓ **REACH FORWARD**

  - RVTA will begin a Transit Development Plan Process to evaluate existing service and create provisions for future service.
